GNTAPE

Designed in Switzerland

Made in Italy

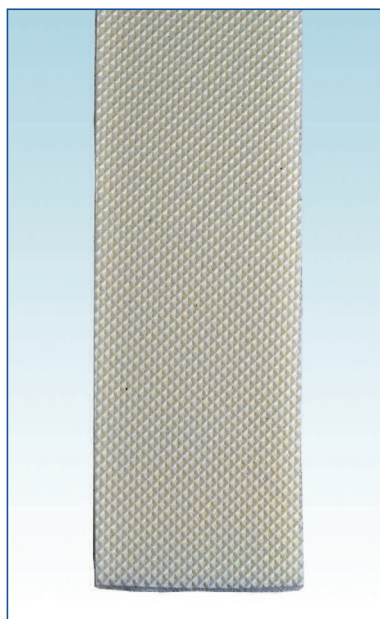

GN TAPE IT-W-10M GN Self-adhesive tape

Made with the same insulation than that of insulated copper tube. Particularly resistant to stretching. Installation even easier and cleaner, for your insulated copper.

Crosslinked Polyethylene
Fire rating insulation Bs2d0
Thermal conductivity at 0°C => 0.0377
Thermal conductivity at 40°C => 0.0435
Temperature range insulation
from - 80°C up to +120°C

Temperature range adhesive
from - 20°C up to +75°C
Application Temperature range
from +10°C to +35°C
Packaging
10 meter x 50 mm x 3.50 mm
Boxes of 24 pieces
Pallets of 1368 pieces
